

CAN YOU HELP?

Keep a look out for bags which will be handed out soon to collect donations for the NU2U project, as we will be looking for donations for our new enterprise

We are looking for young people to help us make the janitors house a great place to hang out. If are interested in doing some decoration, getting donations of furniture, applying for funding or putting forward suggestions on how to use the space

This project will take place in Rowlands where we will be looking for young people interested in cooking meals and helping us challenge hunger, loneliness and vulnerability. We also hope to provide a support service for those wanting help in working their phone, using the computer and getting online

Please speak to a member of staff if you would like to find out more
