

# SCHOOL NOTICEBOARD: SELKIRK HIGH SCHOOL

THE latest from behind the scenes at Selkirk High School...

**AH chemistry students with their Chemis-tree and COVID decorations**

**Pupils used the 'Sketches' app**

### Chemistry

The AH chemistry class put together our Chemis-tree recently, complete with added COVID decorations.

### Christmas sketches

S2 are taking part in the Inspire Learning's #12sketchesofchristmas. They are using the 'Sketches' app on their iPad to create some amazing digital artwork.

### Food bank collection

The Youth Achievement Group, being mindful about the current situation facing families and the wider community in Selkirk, organised a food bank collection to support the local churches who regularly collect and support this cause.

Members of the public can donate at the post office in Selkirk and in the local Co-op.

If anyone needs a food bank delivery in the Selkirk area they can contact the Galashiels Citizen Advice Bureau, on 01896 753889 preferably Monday-Thursday between 10-4pm for them to make the referral. Health visitors, local ministers and the council can also make referrals for you too.

### Home economics

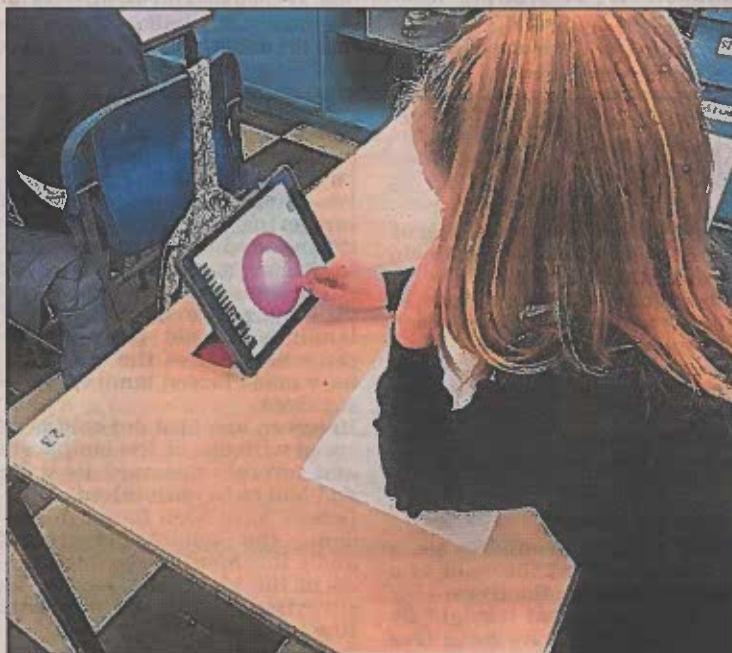

Our National 5 practical cookery class enjoyed celebrating St Andrew's Day by making a Scotch lamb dhansak with flatbreads. Thank you to Institute of Auctioneers and Appraisers and Quality Meat Scotland for providing lovely lamb for us to use.

**Selkirk High has been collecting items for the local foodbank**

**One of the curries made in the home economics lesson**

**The sketches were part of the #12sketchesofchristmas drive**

**The designs were created on their iPads**
