

# Leading School Improvement 2022-23

## Meaningful Learning Year 5

**'every SHS teacher is a  
teacher of qualifications, skills and values'**

# School Improvement 2022-23

## 1. Learning, Teaching and Assessment

**-Raise Attainment** for all through continued progress from 'Satisfactory' to 'Very Good' by developing high quality consistency in key pedagogical areas – Feedback, Questioning and Metacognition; all teachers develop high quality L&T Impact Story (pages template)

-Maintain positive attainment trends- Particular Focus: PEF Group and S4 Leavers; 5@5 and 5@6

-Continue to develop the curriculum to meet the needs of all learners

-BGE Moderation

## 2. Inclusion

**-Improve Health and Wellbeing** outcomes re H&W Indicators through...

- *Continue to embed Positive Relationships Guidelines in line with Nurture principles*
- *Supporting mental Health and neurodiversity- whole school and targeted*
- *Wider Achievement- Tracking and Intervention*
- *Meet Attendance Targets*

## 3. Leadership of Change

- *Students' Achievement Journey S1/2/3/4 (led by Skills in Action S1/2; PSE S3/4)*
- *Teacher Impact Stories*
- *Faculty Impact Stories (supported by Faculty Support weeks)*
- *SIG Impact Story*
- *Whole School Impact Story*

## Classroom Leaders-

### 1. Learning and Teaching- Collaborative Professional Development

- Moving towards 'Very Good' by working together on L&T Impact Stories: Feedback, Questioning and Metacognition (and maintaining focus on Learning Intentions and Success Criteria)- all staff participate in whole school Professional Learning Programme
- Maintained focus on our Positive Relationships Guidelines: Relentless Routines

*Meet and Greet*

*First Attention to positive conduct*

*Praise Postcard minimum X1 weekly*

*Praise phone call x1 weekly*

*Concern Calls Home*

*Restorative Approaches and 'Closing the Loop'*

### 2. Inclusion- Nurture

NURTURE 2020-22 (SBC Improvement Priority) and Neurodiversity

- Creating a 'Safe Learning Environment'
- Understanding 'Behaviour as communication'

### 3. Leadership of Change- Impact Stories

- Contributing to Student Achievement Journeys/L&T Impact Stories/Faculty Impact Stories
- SIGs: Working with others to have a whole school impact

# Faculty Leaders – Curriculum and Pastoral

- 1. Leadership of Change/Self Evaluation: Developing whole school leadership and a consistent approach to Faculty Impact Stories**
- 2. Learning and Teaching Improvement: QA calendar for consistency**
- 3. Embedding Nurture principles**
- 4. Supporting the SHS Achievement Journey: Qualifications, Skills and Values**
- 5. Ambition for all: Every Student achieves 5xQualifications (Risk Matrix)**
- 6. Developing the Meaningful Curriculum – Progression for all**
- 7. BGE Challenge and accreditation**

Senior Leadership Team – Roles and Remits

**HT**  
**Jamie Bryson**

- Self Evaluation and Improvement
- Student Leadership
- Learning and Teaching
- Ethos, Rationale and Curriculum Design
- Extra Curricular, Trips + Risk Assessment
- School Budget
- Staffing and Remits
- Health and Safety
- Selkirk High School Parent Partnership
- Selkirk Cluster and Community Partnerships
- Faculty Link: Literacy/English & Modern Languages; Social Subjects; PT Strategic Leads

**DHT**  
**Laura Thomson**

- Head of BGE
- Positive Relationships and Inclusion
- Child Protection
- Learner Journey and Transitions
- Tracking and Reporting BGE
- Parents' Evenings
- Homelearning
- Faculty Link: Pupil Support (Pastoral & Learning Support); Health & Wellbeing

**DHT**  
**Vicki Blair**

- Head of Senior Phase
- Learning and Teaching
- Professional Development
- DYW and Golden Skills Progression 3-18
- SQA Co=Ordinator
- Tracking and Reporting Senior Phase
- Timetable
- PT Curriculum: Support and Challenge
- Faculty Link: Technologies and Enterprise; Science; Numeracy/Mathematics; Expressive Arts

1. Learning Visit Policy re-designed
2. Self Evaluation approach + Lesson Planner designed
3. Sharing Practice Programme 2019-20
4. Inservice structure designed

**3<sup>rd</sup> May 2019 Inservice Workshops**

1. Tracking Impact- Self Evaluation
2. Learning Visit Policy
3. Sharing Reading/Good Practice
4. Inservice Day Structure

**Staff Meeting 19<sup>th</sup> June 2019**

1. Agree Termly Focus and Calendar
2. Agree Approach
3. Share Reading for Inservice Aug 2019

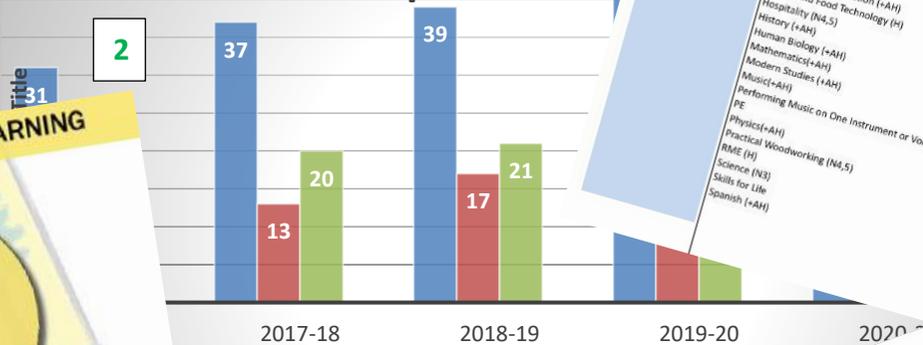

**Session 2019-20 Feedback (32 staff responded May 2020)**

- **97% staff felt involved in developing the approach**
- **93% staff feel relentless routines have had positive impact in class**
- **87% staff feel relentless routines have had positive impact across school**
- **100% staff feel knowledge/understanding/confidence in key pedagogy has improved**
- **90% staff have evidence that L&T development has had positive impact on students**
- **80% staff feel we should maintain the focus on Feedback (+LI/SC)**

**The Journey continues**

### Attainment Snapshot 2015

### RELATIONSHIPS FOR LEARNING

Selkirk families all students have the potential to enhance their learning experience.

Our school is looking in new areas of engagement. Skills is explored with confidence in. Above all, this transcends all.

Our school is looking in new areas of engagement. Skills is explored with confidence in. Above all, this transcends all.

### OUR DEVELOPING CURRICULUM

MEANINGFUL LEARNING

Curriculum Offer 2018-19

- Art and Design (+AH)
- Context(N3)
- Biology (+AH)
- Business Management (NS/H)
- Chemistry (+AH)
- Design and Manufacture
- Drama (+AH)
- English (+AH)
- Environmental Science (N4)
- French(+AH)
- Geography (+AH)
- Graphic Communication (+AH)
- Health and Food Technology (H)
- Hospitality (N4,5)
- History (+AH)
- Human Biology (+AH)
- Mathematics(+AH)
- Modern Studies (+AH)
- Music(+AH)
- Performing Music on One Instrument or Voice (H, AH)
- PE
- Physical(+AH)
- Practical Woodworking (N4,5)
- RME (H)
- Science (N3)
- Skills for Life
- Spanish (+AH)

### VIA

Values In Action

How do you put your values into action?

- Actively respecting and supporting others?
- Have you shown resilience and/or responsibility?
- Caring about our environment?
- Representing the School or Club?
- Volunteering?

What Next?

Here you can put some more about your future ideas and next steps in Qualifications, Skills and Values.

Idea for my future:

Next Steps

# Values In Action

## Selkirk High School: Learning Planner

### Prior Knowledge

How do I check their current knowledge?  
Which students are on the Risk Matrix- how can I support them? How will I work with ANAs to support students?

### Learning Intention

Does LI make learning relevant to all?  
Focus is on LEARNING NOT DOING

### Success Criteria

What are we looking for? How can we prove that we have learned today?  
Success criteria need to be manageable and as explicit as possible.  
Are success criteria appropriately challenging?  
Feedback (formal or informal) must link back to success criteria.

### Plenary

What did they learn today- are they aware of this?  
What's the 'end and send' strategy?

### RELATIONSHIPS FOR LEARNING

### Learning Activity

All pupils must learn in every lesson, every day!

### Practise and Metacognition

How do students apply feedback and make improvements stick?

### Feedback

*How does Feedback support learning and learners?*

### Check Understanding

How will you check all students?  
Do you have an inclusive questioning strategy?

## Selkirk High School: Learning Planner

### Prior Knowledge

How do I check their current knowledge?  
Which students are on the Risk Matrix- how can I support them? How will I work with ANAs to support students?

*We have to establish what pupils know and where the gaps are- Examples:*

- Learning Logs, and Organisers: mind maps, essay plans, checklists, tables, venns, diagrams.
- Quiz
- Start with an end of topic test?

### Learning Intention

Does LI make learning relevant to all?  
Focus is on LEARNING NOT DOING

*Keep it Simple- Use of Know, be able to, understand*

- Flexibility around how/when Lis are introduced is encouraged!
- Skills focus where appropriate
- Refer to throughout and at end of lesson

### Success Criteria

What are we looking for? How can we prove that we have learned today?  
Success criteria need to be manageable and as explicit as possible.  
Are success criteria appropriately challenging?  
Feedback (formal or informal) must link back to success criteria.

- Simple Language with use of command words eg 'I can describe, evaluate, calculate, etc

### RELATIONSHIPS FOR LEARNING

### Plenary

What did they learn today- are they aware of this?  
What's the 'end and send' strategy?

*A final check of understanding – which refers back to Learning Intention and success criteria- can be motivational for students who recognise their own progress.*

- Exit pass, mini-whiteboards
- Summary statements, quick quizzes.
- Q and A; quick response questioning strategy.

### Learning Activity

All pupils must learn in every lesson, every day!

- Appropriate Pace and Challenge and support is experienced by all
- Questioning is used to make all students think hard
- Discussion is used to develop thinking and check understanding
- Pupils take leading roles in discussion and supporting each other to learn
- Resources are high quality and clear and relate explicitly to the learning intentions

### Practise

How do students apply feedback and make improvements stick?

*Students need to practise to make their learning permanent*

- Daily quizzes, pupil-led recaps; retrieval homework
- Regular 'chunked' practise
- Students move from Guided to Supported to Independent practice

### Feedback and Metacognition

How does Feedback support learning and learners?

*Feedback is explicitly focused on shared success criteria  
Feedback is pupil friendly and pupils understand what they need to do to improve*

*Feedback strategies are used throughout the lesson  
Pupils have time and opportunity to apply feedback  
Pupils feedback informs teaching  
Immediacy of feedback is a feature of my teaching  
Metacognition: when students understand themselves as learners and plan their learning accordingly eg*

- Highlight corrections, revision planners and graphic organisers and Learning Logs.

### Check Understanding

How will you check all students?  
Do you have an inclusive questioning strategy?

*Learning is really accelerated when teachers check learning within lessons and make changes accordingly.  
Daily, weekly, monthly reviews  
Active assessment strategies are used eg*

- Mini whiteboards, quizzes
- Questioning strategy to include all learners (are pupils listening to each other?)
- 1:1 with students
- Self and Peer Assessment explicitly linked to SC
