

SCHOOL NOTICEBOARD: SELKIRK HIGH SCHOOL

THE latest from behind the scenes at Selkirk High School...

Mental Health Awareness

The school would like to say well done to the YAA/personal development award walkers who recently raised £250 which was donated to the Harris Trust.

This was a big achievement for these pupils and they were very proud to have raised so much money.

S1 humanities

Our S1 humanities students have been engaging in lots of fun activities this week to develop their skills across the curriculum.

They have been studying Buddhist teachings with Mrs Dodds and have been looking at the significance of mandalas as well as practicing some mindfulness meditation and relaxation.

This has linked well with our focus on reducing anxiety for Mental Health Awareness week.

Miss Swan's group have been practising their numeracy skills in a humanities context. They planned and designed their own surveys on a variety of topics from food to sport and confidently conducted their surveys around the school using forms and QR codes.

They then spent time analysing and presenting their data to draw reasoned conclusions.

A total of £250 was donated to the Harris Trust
