

SCHOOL NOTICEBOARD: SELKIRK HIGH SCHOOL

...All the latest news straight from the classroom

Science

OUR S2s have been working with the model torsos exploring organs and organ systems.

Meanwhile Higher human biology classes have been preparing gel kits for gel electrophoresis – a technique used in crime scene investigation.

And S3 students have recently been preparing a DNA extraction experiment using different types of fruit.

up litter at Pringle Park and another pupil had been supporting a fellow S1 pupil with using her iPad.

The pupils were served a hot or cold drink and a treat from the canteen.

Teachers are asked to nominate pupils from all year groups to enjoy a treat at our Values In Action Fridays every couple of weeks.

We look forward to seeing who is nominated next and hearing about how they put their values into action.

British champion. Ryan really sets a fabulous example to all our bike club members.

Cycle speedway

THE school would like to say congratulations to Alexander Rudge, S2, who won Scottish Cycling's National Individual Cycle Speedway under 14 Championship on Sunday.

Although the sport of cycle speedway has been around for generations it's recently experienced a growth in interest, which led to this inaugural national competition run by Scottish Cycling.

Borderers who may be interested in this fast-paced sport can come along and join a training session with Trevor Bryant at Tweedbank on Friday afternoons.

Helmets and gloves are needed but bikes are provided.

Values in action

A number of S1 pupils were rewarded with a special Friday treat after being nominated by teachers for putting the Selkirk High School values into action.

Some pupils went above and beyond to pick up and encourage others to pick

Biking

THE school would like to say well done to Ryan Deans in S3 who came third in a very competitive field in the recent Scottish Downhill Association race at Innerleithen.

He also followed it up in the TweedLove enduro event by finishing second overall to the
