...All the latest news straight from the classroom

A group of S6 Selkirk High School students visited Edinburgh recently

## Edinburgh Trip

AS part of their leadership week, a group of S6 students were set the challenge to plan and lead a trip to Edinburgh. This took the form of a treasure hunt, where they had to find certain landmarks/objects and take a selfie to prove their 'find'. Students showed excellent leadership skills - planning and costing travel arrangements, deciding on a route around the city and navigating on the day. They visited the National Museum of Scotland to locate the Lewis Chessmen,

found Greyfriars's Bobby and the Heart of Midlothian and located paintings in the National Gallery. The trip ended on a high with a view from Calton Hill and a bit of shopping and lunch. Most importantly, they worked as a team and displayed their meta-skills... and we didn't get lost!

## Rugby

THE school would like to say congratulations to the Selkirk YC U16s who won the Maroon'd U16's 7s Cup recently.

## Music news

WE are thrilled to welcome Eleanor Hetherington to the school as our new harp instructor. She is working with pupils from all year groups and even starting some new pupils at the primary schools. Eleanor is classically trained harpist having studied at Leeds University before going to the Franz Liszt Academy of Music in Germany. She has extensive experience performing and teaching and our pupils are very excited to be learning with her.
