Values in Action

Values In Action (VIA) Friday-

STEM event

The following S1 and S2 students have been recognised for putting their values into action during the STEM event in Kelso.

They really pushed their comfort zones with courage and worked brilliantly together to deliver very high quality presentations to an unfamiliar audience.

They gathered later for VIA Friday to have a chat with HT Mr Bryson and DHT Mrs Thomson over a bacon roll etc.

They have each received a VIA badge and five House Tokens which they will 'post' in the House Box in the school reception.

A great addition to their Achievement Journey CV: Holly Craig, Ada Davidson,

Esme Borthwick, Archer Cooksley, Amelia McPhail, Jack Vause, Paul McIntyre, Georgie Black, Faith Blair, Isla Kennedy, Jemima Jewitt and Aaron Douglas.

Values in Action

S2 student Belle Hume has been working with the Farmers Guardian on the next generation of farmers.

The video can be viewed on the Farmers Guardian YouTube site.

What an amazing and inspiring piece of work from photographer, farmer and a responsible citizen!

Youth Philanthropy Initiative

Our S2 students have recently

been involved in the Youth Philanthropy Initiative.

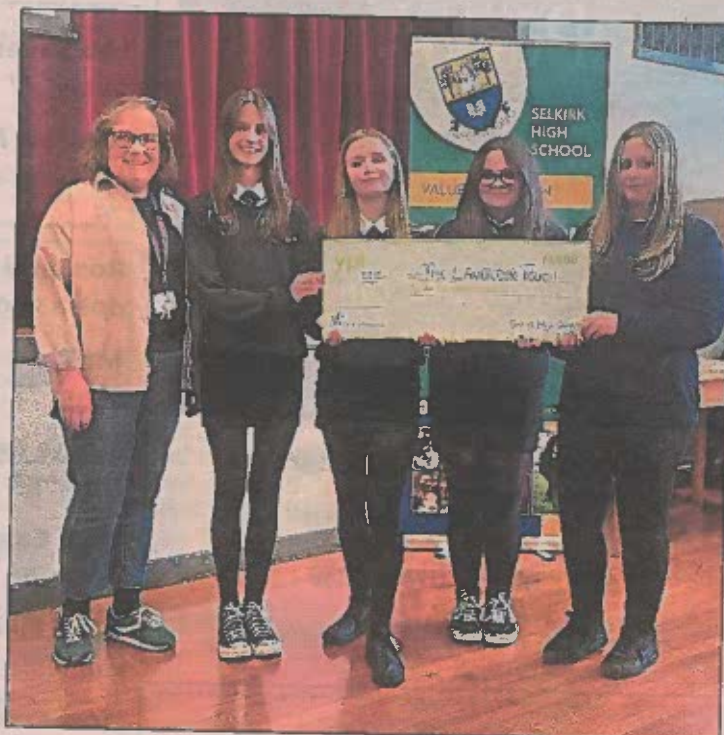

The finals were held recently and the students were brilliant, their presentation skills and hard work clearly paid off.

The judges had a very difficult decision and managed to narrow down to the winning group from 2D.

Congratulations to Bethany Robertson, Naomi Carroll, Ana Astelian and Annabelle Cairny on their fantastic presentation for the Lavender Touch.

They showed compassion towards the charity's aims and demonstrated exactly what the judges were looking for, winning a huge £3,000 for the Lavender Touch.

Lavender Touch was really impressed and are delighted to have won.
