WE HAVE had a busy few weeks in humanities and have really been enjoying our BGE pupils getting practical with their mapwork skills and model creation.

S1 humanities pupils have been looking at developing their navigation and grid referencing with Mrs Hair and Ms Robertson.

S2 students have been learning about the structure of the earth, tectonic plates and how volcanoes are formed.

This led to some amazing homework submissions including cakes, exploding volcanoes and adapted globes that identify tectonic plates.

Amazing effort showed by so many pupils.

Well done to the S3 rural class who had great success at the Yarrow and Ettrick Pastoral Society Show last Saturday.

Well done all.
