BOND: The partnership between Selkirk High School and the town's rotary club was renewed. *Image: Selkirk High School*

Quality Meat Scotland visit

S3 practical pupils had the pleasure of welcoming Gordon Newlands, brand development manager from Quality Meat Scotland today as part of their understanding and using ingredients block.

Gordon brought half a Scotch lamb with him and then demonstrated how to cut it up. We learned that almost every part of the lamb is used in the hospitality trade so there is very little waste.

Lyle and Scott

The National Five fashion and textile class recently visited Lyle and Scott in Selkirk to see their display of fashion over the last 150 years.

Pupils got to look through archive catalogues and even got to see some vintage underwear from the 1920's.

Selkirk Rotary partnership

The high school and Selkirk Rotary Club renewed their partnership on Wednesday (November 19).

The school is now a corporate member of the club!

This is an exciting development for the partnership and S6 rotary ambassadors Evie and Alexandra already have plans to make a difference in our community and beyond!
